

Construction Rental Solutions

ABOUT SITESERV

Siteserv is a fully certified and locally owned rental & services company, specialising in the supply of custom rental solutions to the construction, oil & gas, industrial & manufacturing, military and event industries.

With one of the largest fleets in the region, we hire out the equipment you need and make sure it's fully maintained, serviced and fit for purpose. Our modular solutions are available and manufactured in Qatar, which makes mobilisation to site fast and effortless. At Siteserv we pride ourselves on our well-maintained equipment and quality customer service, while offering cost effective solutions to fit your budget. Siteserv is certified internationally via ISO for quality, environmental, health & safety management. Materials used in the manufacture of our units are Qatar Civil Defence certified.
